

Membership Savings!

ABB OneBill Members Save 28% on Tier 1 Products and 1% on our exclusive high performance signature brands!

Art Optical is proud to partner with ABB OneBill and provide special discounts on our leading lens designs. You'll save **28%** of list pricing on ACE (Art Custom Eccentric), Achievement®, Artcon®, AKS (Art Keratoconic System), Reverse Geometry (post-surgical), Standard Single Vision, Torics, and Thinsite®, and **1%** on **Ampleye®, Renovation®, and MOONLENS®** !

With the **MOST** experience and the **BEST** selection of lens design options,
Art Optical is the **NATION'S #1 CHOICE** for specialty contact lenses!

Art Optical focuses on providing custom GP and SiHy lenses for out of range Rx's and unique conditions including extreme astigmatism, presbyopia, keratoconus, post-surgical corneas, and myopia management.

- The all-new MOONLENS Modern Myopia Management Ortho-K Lens System now available. No costly fitting set required, easy online calculator assists in lens design, exceptional warranty and full cancellation coverage!
- Home of the Ampleye Scleral - the fastest growing scleral lens on the market and the choice of expert specialty lens fitters.
- Exclusive manufacturer of **Renovation**, the nation's #1 custom presbyopic lens.
- Leading provider of the **ROSE K*** series of keratoconic designs — GP and soft options available!
- Best source for custom SiHy lenses. Their **Intelliwave** series features virtually unlimited parameters + 2-3 day turnaround!
- Authorized provider of **Tangible Hydra-PEG** contact lens surface coating — the answer to contact lens discomfort!

Art Optical Never Charges Extra For:

Lenticular Designs, Panafocal, Fenestration, Steep/Flat Base Curves, Truncations, Extreme Powers, Rush Service
